

Physician Liaison Marketing Reps and Managers for your practice!

- **Are you tired of poor results from your Physician Liaison?**
- **Are you experiencing high employee turn-over in marketing reps?**
- **Do you really know how to manage remote employee's for optimal results?**
- **Do you really know the ideal hiring profile for this position?**
- **Now you can out-source your liaisons and field managers to an experienced team with proven results!**

Practice Reps have taken the concept of physician Liaison marketing to a new level by providing you with experienced marketing reps and field managers who have the training, knowledge and track record to get you results today!

Why hire another employee with payroll and tax liabilities when you can outsource this to an experienced team of managers who know your community? With decades of experience we know who to hire and how to manage them for peak performance for your practice or service line.

Cold calls, set appointments, "Lunch and learns" and old fashioned listening skills help us build the relationships you need to change referral habits in your community.

Call us today to learn more about this affordable approach to referral marketing.
